## About

In spring 2008, William Doering created a basic ERM system to help Galadriel Chilton manage the University of Wisconsin—La Crosse's Electronic Resources. Now in its third release, ERMeS is used by nearly 40 libraries world-wide.

## Software Requirements

ERMeS is a Microsoft Access database that requires Access 2007 (Windows) or Access 2008 (Mac) to operate. As of May 2010, ERMeS is not compatible OpenOffice.org 3.2.1.
